

FindDoctor - Medical Prescription

Doctor: Dr. Atharv kadam
Speciality: Cardiologist

Patient: ved jadhav
Age: 23
Date: 4/7/2026

Medicines:

diuretics, ACE inhibitors, ARBs, calcium channel blockers, and beta-blockers.

Care to be Taken:

- 1)Anticipate sudden drops: Blood pressure medications can cause your pressure to dip suddenly when moving from a seated or lying position.
- 2) Rise in slow stages: Sit on the edge of your bed or chair for a few moments before standing up to prevent dizziness and fainting.
